

Jig Heads

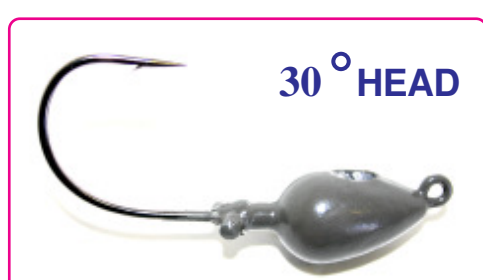

90° HEAD

< **OVAL HEAD - Mustad Aberdeen Hook, light wire**
This head is a good open water jig and excellent style for swimming or dragging the jig along the bottom. This jig can also be used effectively for finesse fishing.

FLIPPING HEAD - Flat-eye, heavy wire hook >
This head is excellent for heavy cover and comes through the cover easily. This jig comes in 1/4, 3/8 & 1/2 ounce sizes.

60° HEAD

30° HEAD

< **BULLET HEAD - Heavy 5/0 Hook & Head**
This head is used for punching through thick mat and grass, & capable of ripping through the heavy cover. This jig comes in 5/8, 3/4 & 7/8 ounce sizes.

FLAT-EYE "ARKIE" HEAD - Lighter wire hook >
This head can be used with lighter line (10 to 15lb) and penetrates easily. This jig head is designed to come through cover easily. This jig comes in 1/4, 3/8 & 1/2 ounce sizes.

60° HEAD

90° HEAD

< **"ARKIE" HEAD**
This head is a 90 degree "Arkie" head and can be used to drag, skip or hop along the bottom.

Mud Flea

Mutant Flea Junior

Sand Flea

Oval Head

90° "ARKIE" HEAD - This head is used on my weedless hair jigs and the Mutant Flea Juniors. My favorite however, is the versatile 1/8 oz Mutant Flea Junior for dragging under and around docks, or for pulling through cover and finesse fishing.

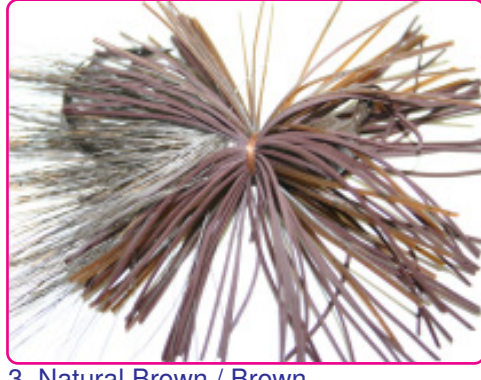

Jig Hair Colors

1. Black Hair / Black Rubber

2. Black / Black Red MF
